Quotes of Coach Red Parker of Clemson

We played about like we had anticipated going into the game. We didn't do too ~~much~~ much offensively, but folks, they have a great defensive team and they played an outstanding game.

I thought our ~~defense~~ defense played ~~a~~ superb at time. The way we played, the game should have been a lot better scorewise. I was surprised they kept their horses in there going for another one.

We played good enough to score some, but critical plays (fumbles, busted assignments) hurt us on occasion.

But they just whipped us. They're a lot better than we are.

I think our defense let down several times because of an ineffective offense. But the game was fairly well-predictable, and I'm real happy with the way some of our young kids did. We play a lot of boys and for the most part, I can't fault them. They were up against a good team.

Parker said neither he or Coach Ballard knew how the commotion started at the end. We apologized to each other and the players did too, and everybody was not mad or anything when it was over.

Quotes from Coach Emory Ballard of A&M

Our offense was sticky in spots in the first half which is not at all uncommon for a first game. I thought we put together some really fine drives in the second half.

We thought we had a good defense going into the game and I thought our defense played extremely well today.

As for singling out any individuals, I'd say there were a bucketfull ~~of~~ who had some big plays on defense. Ed Simonini made a lot but he'd be the first to tell you there were many others.
