Clemson Player Quotes

Willie Jordan, QB and PK "The only thing I was thinking about was getting into field goal range on that last drive, and after I kicked the ball, there was no doubt that it was good. On the fourth down at midfield, I had called the pass and after it broke down, I was lucky enough to find a seam and get into it for the gain. They had a fine team but we just hung in there for a good win.

RB Ken Callieutt—"This was certainly a big win for us and I think that it will make a difference in our season, I think that we will do all right from here. They had a fine team and surely never gave up,

DB Peanut Martin—"We just had a long afternoon that ended up real good, the offense had a rough time of it but we seemed to get things done out there when it really counted. On the interception late in the game. I was just in the defense called by the coaches and that was something that we had worked on. Wake is a lot better team than last year and they will do all right the rest of the year....

QB Steve Fuller—"Willie did the job that had to be done in the end and this is a great moment for me. It is super for us to win because I think that we will do a good job the rest of the season.

TE Bernie Cunningham—"We had fought together out there and it got paid off in a win. This was a big one for us to get because it gives us something to work on. The team did a fine job and we surely needed to get the win.

The reason that McManis kept backing away from center was because I told him too. The public address never even asked the crowd to be quiet. I know that it would not have helped, but I felt they owed us that courtesy.

This is the third time we have had somebody on the hook and let them off. When the kids can win, they don't believe it. I still thought the kids played well. We're doing a heck of a lot better than we were supposed. Honestly, I did not think we would play some of these teams like we have.

However, for this game I can't say that I thought either team played very well.

CLEMSON COACH RED PARKER: The game wasn't any tougher than I thought it would be. I thought several times we were going to take charge, but something would happen.

I simply can't understand about those contact fumbles. Of all the fumbles we have had this year, everyone of them have been contact. I'm not going to fault anything our players did in the game except these fumbles.

On their touchdown (go ahead), we had a missed defensive adjustment because of a formation change and our man didn't hear it. Course, I'm not faulting them. They worked for the score and deserved it. And that's the best thing that could have happened to our team -- for them to score -- and have us come back to win. That ought to put some things into us that weren't there before.

Wake Forest has a good football team. They should be undefeated right now.

The reason we went with Willie at the end of the game is because he is a better passer than Steve and Steve is a better with our running game. And it was obvious after they scored that we had to pass.

Trainer Fred Heever said that the injury extent of G. G. Galloway and Billy Wings. Both are under observation and will be re-checked again Sunday morning.
