### Coach Red Parker of Clemson

We just got whipped up front. The key was the blocking ~~and~~ of our ends and tackles. McDougald did a great job taking the seams. We didn't think anybody would move the ball on us like that and didn't think they'd stop our passing game.

A big key for us was the dropped passes. Our quarterbacks were on the money a good many times, and some of the passes that were catchable were not caught.

I thought on this day that Wake Forest was better than any team we had played with the exception of Georgia.

I wasn't impressed with anything we did, but Wake Forest probably had a lot to do with it. I really thought they played good. They just did a darn good job running the ball at us.

I felt like if we held them to a field goal in the third ~~quar~~ quarter, we would win the game. And we got it exactly like we wanted it, but our offense today was more or less a hit and miss thing.

We'll just have go out Monday and go to work. We'll ~~gax~~ come back.

### Coach Chuck Mills of Wake Forest

This was a good game all around for us. Clemson came back ~~x~~ but so did we when we had to. We played pretty good football except for that mental lapse on defense that gave them a touchdown. We should have scored more points.

We had been kicking around the idea of moving Zeglinski to flanker for sometime to take advantage of McDougald's speed but we wanted to wait until after the three game road trip to make that change. Before the game I told everybody that Clemson was an explosive ~~xxx~~ team and I still believe that. I thought we'd have to throw more but the coaches had the kids well prepared.

I'm happy McDougald got the record. We were going to call tkmeout if needed toward the end. That's not being selfish but it may be the only chance he would ever get to break a record like taht. I didn't realize he had that many rushes in the game. He sat out most of the second quarter but that didn't hurt him.

Overall we did a good job."
