## NOTRE DAME HEAD COACH DAN DEVINE QUOTES

I doubt we would have gone to a bowl game had we won today. We had a bowl game (Mirage) win or lose today, anyway. I didn't want to go to a bowl game just for the sake of going.

Our fumbles and interceptions, and the two fifteen-yard personal foul penalties, definitely hurt is in the third quarter. We never even had the ball in the third period. We had the wind in the third quarter, but we couldn't utilize it because of our mistakes.

You have to give Clemson a lot of credit. They forced our mistakes, and recovered when they made their own mistakes.

They didn't do anything differently on defense in the second half. We just never had the ball.

I said before the game that Lott looked as quick as Jimmy Streater, and during the game he gave every indication that he is just as quick. He's a fine quarterback. He runs and passes well.

Lott hurt us more cutting inside our containment than outside. He's a very perceptive quarterback, he anticipates the defensive movements very well, and he's very quick with his feet.

We were just outOdetermined in the third quarter. It was our mistakes and their taking advantage of them.

Lisch hadn't practiced that much during the week. He was in the infirmary with a knee infection that was caused last week on Tennessee's synthetic surface.

In the first half we were coming off the ball very well. We were emotionally high, and we played good fundamental football -- as good as we have all year. I thought that the penalty that nulified Lisch's touchdown turned the momentum completely around. We should have gone into the lockerroom with a 17-point lead.

If I start talking about the officiating, I might say too much.

Cichy (strong safety Steve) went out in the first quarter with an injury. I would presume from what the trainers told me that he has an hyper-extended elbow.

We will bounce back, and play hard in Japan. And I can assure the Mirage Bowl, and the people of Japan, that they will not be disappointed in selecting Notre Dame.

## Notre Dame Player Quotes

TIM FOLEY, OFFENSIVE TACKLE: The last four years have been the greatest four years pf my life, times I will cherish forever. Win or lose, the guys I've played with have been super and the friendships will last a lifetime. I certainly have no regrets and I wish ever young man could have the opportunity I had. Today I think we beat ourselves. Mistakes killed us. Turnovers and penalties just don't win football games.

VAGAS FERGUSON, HALFBACK: Your last one at home is always the one you want to win. It wasn't so much a letdown, it was just some key mistakes. As far as my future is concerned, I'm just going to wait and see. We still have one game left and we want to go out on a good note. Even though we lost four games this year, I think we've accomplished a lot. A lot of the young guys got off to a good start and that means good things for the future of Notre Dame football.

## CLEMSON COACH DANNY FORD QUOTES

We were very, very fortunate to win this ball game. We're delighted to have come back from ten points down and beat a team with the tradition of Notre Dame. We didn't play super on every play, but had enough big plays to win.

There were a lot of big plays in the game -- with most of them coming in the first half. The two missed field goals by Notre Dame were especially important. We were lucky to be only down by ten at the half.

On defense, we were grabbing, not tackling, in the first half. I have to give a lot of credit to Ferguson -- he's a great back.

In the second half, we got after it on defense and our offensive line started coming off the ball. We out-quicked them.

I was proud of the way our kids hung in there, and stayed in the game.

(about offensive changes in the second half) We had put too much pressure on our quarterback. We were expecting him to read too much. We went from three wide-outs to a 2-tight end offense, and simplified our play selection. We started running inside more.

(about defensive changes) We didn't change our coverage at all. The problem was in the first half we were playing too cautious. On the whole, both offensively and defensively, we were playing scared. Our secondary played much tighter coverage in the second half, and it paid off.

(About second half domination throughout the season) As a team, we're in good physical condition. Our coaches do a good job of getting our team into shape. Also, we try to play a lot of people, and that helps.

We let Notre Dame take the momentum in the first half. But then, we came out and played very well. Ten points is not too much to come back from.

We have voted on a bowl game, but I'm not going to announce it right now. We're going to enjoy this one right now.

## CLEMSON PLAYER QUOTES

BILLY LOTT, QUARTERBACK: Our offensive line controlled the game in the second half. We were embarrassed in the first half. We just wanted it more in the second half. We couldn't get the veer going to the first half because I wasn't reading their defense right. I settled down some in the second half and our fullbacks opened things up for us. In the first half we got ourselves into situations where we had third and 12 or 15. In the second half, we didn't have that problem because our fullbacks had a good day. (Regarding his 26-yard touchdown run): I think it was my tight end who made the key block. After that, anybody could have run the ball in. At halftime coach Ford told us that this was a chance in a lifetime for us. It was a chance to beat a team with a great tradition. When I'm 40 or 50 years old, I'm going to remember this game.

TERRY KINARD, FREE SAFETY: We knew we could play better in the second half. We knew they weren't a better team, but we just didn't play well in the first half. (Regarding second interception): We knew they had that fake reverse play and we weren't fooled by it. The ball was tipped before it got to me and I caught it in the clear.

BUBBA BROWN, LINEBACKER: We were confident that we could win. We disregraded Notre Dame's tradition and played them as players. As players, they weren't in our class. It was a hard-fought game. They have talented backs and an explosive offensive line. We knew they could score at any time. Vagas Ferguson is a great back. He has pro potential and should be recognized as an All-American.

JIM STUCKEY, DEFENSIVE TACKLE: We didn't play up to our capabilities in the first half. Notee Dame and was ready to play in the first half and they took it to us. Foley is the best player I've played against all year long. I think I only had one or two tackles. Ferguson is the hardest runner I've seen this year.

LESTER BROWN, TAILBACK: Notre Dame's defense really surprised me. I felt I could get outside and make things happen, but I never had anywhere to go. Notre Dame stopped me better than any other team has this year. This was a great win for us. We looked at it as our first bowl game. We were the little boys from Clemson playing the big boys in the sky/ RMXMX But we came out on top.
