Postgame Quotes
LSU Coach Gerry DiNardo

"We got in the red zone, we just couldn't put it in. In one regard it was very typical of the nine games we won, with a couple of exceptions we won ugly this year. I thought Clemson played great, I give them tremendous credit for their season, the way they started. Standing on the sidelines I think both teams deserve a lot of credit with the intensity with which they both played. My hat goes off to Clemson."

"(on winning ten games) I think LSU is one of the great jobs in all of college football and if there are a handful of places that you can go in and win right away, then LSU is one of those places, I don't think that can happen too often. I think winning ten games has more to do with LSU than anything else. I think that was possible when we took over because if the kind of place it is and the tradition it has."

LSU QUOTES

Anthony McFarland, Defensive Tackle

"We knew we just had to keep pushing ourselves. If we want to start being looked at as one of college football's elite teams, then we have to win games like this. We had to win the big games, and this was a big game. They said all year long that this defense couldn't stop the run and that this defense was suspect. This defense came through tonight and won a bowl game."

Herb Tyler, Quarterback

"Ten wins is just an unbelievable feeling. Not many teams in school history have done it. We knew coming into the game that we could join those other teams and we hung on."

"We didn't make a lot of plays offensively tonight, but we made enough to win. Their defense played a tremendous game tonight, but we showed a lot of heart tonight. We've overcome a lot of things this season, so we're just happy to get a win."

Aaron Adams, Defensive End

"(On blocking the potential game-tying kick) Once I felt it hit my hands I thought to myself that it was finally over."

"I was dreaming about this. My dream just came true. I woke up this morning and I was reaming that I was going to run a kick back or block a kick and that's what happend."

CLEMSON PLAYER QUOTES

Trevor Pryce - DE: "We tried and concentrated on winning this game instead of just redeeming ourselves from our last game; and instead of worrying too much about our opponent in this game. We did a good job of containing Faulk, but we couldn't put enough pressure on Tyler.
The Sack for the Fumble - "It was a play where we were running a stunt and I was there to make the play."

Glenn Rountree - RG: On Raymond Priester - "He's never been a player who is to flamboyant after making big runs. He often gives a lot of credit to the line and we appreciate that.
On the Game - "LSU is a great team, but we made a lot of mistakes offensively. The penalty, there is really no excuse. It is a situation where we needed to be more mentally focused.

Brett Williams - DE: "I think we played extremely well. On offense we were able to move the ball, but we killed ourselves in the redzone. A game like this is tough to swallow, but we know we came out and played hard.

COACH TOMMY WEST OF CLEMSON--Tonight you saw two teams who fought their guts and hearts out. Thought both defenses played extremely well, but we made too, too many mistakes.-- I'm not taking anything away from LSU -- but on offense, we killed ourselves.

I'm extremely proud of where this football team has come from...starting last year with the bowl loss and the first game this year -- we have come a 100 hundred miles -- to get where w e are right now. I'm disappointed in losing the game.

We've been inconsistent at times against the run, but we thought we could play them the way we played Virginia (a Clemson win), because we thought they were very similar in their schemes and their backs. I think we've got good quickness on defense. But we've got a lot of things to build on. You gotta look at yourself at where you started.

Two series in a row we get motion penalties, and it's tought to start a first and 15. The play was hard enough...and it was tough enough to get first throws, and those things take you out of it and puts you in a howe. We had our chances to get it done, but didn't...and we couldn't run everytime, although we were pretty successful with our running game.

Raymond Priester played like he always does, and he got a lot of those yards on his own.

But we saw from the start that it was going to be a defensive game, and both teams showed that they have defenses to be proud of.
