STATEMENT BY COACH FRANK HOWARD OF CLEMSON

"I would like to say that if there was ever one game I thought I had to win it was this one. You'd be surprised how much nasty mail I've gotten the last three weeks. It makes a big difference when you win. And you'd be surprised how school spirit varies with the won-lost column.

"I think we played somebody today that was about as good as we are. And I'm the same coach today as I've been the last three weeks. I didn't outsmart anybody. The big difference is that we had our quarterback and when 'The Needle' (Addison) is right, I'd just as soon have him as anybody I can think of."

Howard was asked to compare the SEC with the ACC and he said, ^{gets} The SEC ~~has~~ dedicated football players, the ACC ~~has~~ gets dedicated students."

Asked about the overall ball game and Howard said: "It was a good head knocking contest just like all Clemson-Duke games, but there was nothing flashy by either team."

On another subject Howard said: "I really think a coach gets too much credit when he wins and he ~~catches~~ catches too much adverse publicity when he loses. Actually, we ~~use~~ use the same players every week and we don't have too much control over how they play. We can prepare 'em to a razor's edge, but what they do on that field is up to them. We're out of it, you might say."

"I'm just happy to win. I believe we can go on and have a good season now."

STATEMENT BY COACH TOM HARP OF DUKE

"Naturally I was disappointed we lost the game but if I was a spectator, (which I wasn't) I would have left the stadium feeling I had seen a great football game.

This was probably the best game of football we have played this year from the standpoint of execution and elimination of mistakes."

"We had Addison third and long yardage but they recovered and went in for the second score.

We had to realign our deep backs for the kickoffs because Schafer was hurt and we wound up with some one who wasn't as experienced. But I can't fault the boy.

I was enco raged when we took the second half kickoff and went on that long drive. I thought our offensive line blocked well.

We lost the game but we also held Clemson to fewer points rhan anyone else had with the exception of Tech.

I think this was the first time Clemson played with Addison going 60 minutes at quarterback and he did a fine job.

Clemson is the biggest and strongest team we've played and as I said before if I had been a spectator I would have left the game feeling I had seen some of the finest plays anyone can see in a game,

STATEMENT BY COACH FRANK HOWARD OF CLEMSON

"I would like to say that if there was ever one game I thought I had to win it was this one. You'd be surprised how much nasty mail I've gotten the last three weeks. It makes a big difference when you win. And you'd be surprised how school spirit varies with the won-lost column.

"I think we played somebody today that was about as good as we are. And I'm the same coach today as I've been the last three weeks. I didn't outsmart anybody. The big difference is that we had our quarterback and when 'The Needle' (Addison) is right, I'd just as soon have him as anybody I can think of."

Howard was asked to compare the SEC with the ACC and he said, ^{gets} The SEC ~~has~~ dedicated football players, the ACC ~~has~~ gets dedicated students."

Asked about the overall ball game and Howard said: "It was a good head knocking contest just like all Clemson-Duke games, but there was nothing flashy by either team."

On another subject Howard said: "I really think a coach gets too much credit when he wins and he ~~catches~~ catches too much adverse publicity when he loses. Actually, we ~~use~~ use the same players every week and we don't have too much control over how they play. We can prepare 'em to a razor's edge, but what they do on that field is up to them. We're out of it, you might say."

"I'm just happy to win. I believe we can go on and have a good season now."

STATEMENT BY COACH TOM HARP OF DUKE

"Naturally I was disappointed we lost the game but if I was a spectator, (which I wasn't) I would have left the stadium feeling I had seen a great football game.

This was probably the best game of football we have played this year from the standpoint of execution and elimination of mistakes."

"We had Addison third and long yardage but they recovered and went in for the second score.

We had to realign our deep backs for the kickoffs because Schafer was hurt and we wound up with some one who wasn't as experienced. But I can't fault the boy.

I was enco raged when we took the second half kickoff and went on that long drive. I thought our offensive line blocked well.

We lost the game but we also held Clemson to fewer points rhan anyone else had with the exception of Tech.

I think this was the first time Clemson played with Addison going 60 minutes at quarterback and he did a fine job.

Clemson is the biggest and strongest team we've played and as I said before if I had been a spectator I would have left the game feeling I had seen some of the finest plays anyone can see in a game,
