Coach Frank Howard on Clemson-Alabama game:

"Well, I hate to see good bunch of boys go out there against top competition and lose like that. We just beat 'em on defense but they got what counts--the score. I thought our defense played the finest game I've ever seen any team play. They never quit and weren't impressed one bit by a big-name team. I was real proud of 'em."

"I think our kicking game hurts us the most every time we play. We hit on only one out of three field goal attempts, and if we had made those other two, we might have been on the top end of the score when the game was over. Our kicker, Steedley Candler never misses in practice and I've seen him knock 'em through from 50 yards out time and again. But something happens in there when it counts. I'm sure glad we got Arthur ~~Siding~~^{Craig} to back him up. We'll just have to work on it if we expect to go on and win the ACC again."

"As far as the ~~fk~~ difference between Alabama and us, I think we got just as good a team. But that pass receiver Homan is what hurt us really. Although we contained him better than I expected, he made a couple of big plays and they hurt. I thought John Fulmer did a heckuva job for us when Rayburn got hurt."

"We got more breaks than we deserved. Nobody can complain about 'Bama getting all the breaks cause they didn't. But ~~ma~~ when you got those breaks, you gotta have the punch to take advantage of them and score. I was very proud of the whole team and if they play like ~~that~~ they did out there today, we're gonna win the rest of 'em."

QUOTES FROM ALABAMA COACH PAUL BRYANT:

(To Frank Howard, who came into the Alabama dressing room) "If coaching had anything to do with it, you'd have won the game."

"We were tickled to death to win, but of course we are proud any time we get a victory. Actually, we were lucky to win. Clemson outbattled us in the second half. I thought they had a better plan.

"We had no sustained drives, particularly at the last when we decided not to pass. They hurt us defensively but keeping the ball a lot.

"We had a few big plays in the first half and then again at the last of the game, which helped.

"I think they were calling automatics at the line and we were not changing defenses fast enough. I think we can throw on anybody but we'd also like to run that way.

"But as I said, we were tickled to get out of here with a win. Now I know why it is called Death Valley."

Coach Frank Howard on Clemson-Alabama game:

"Well, I hate to see good bunch of boys go out there against top competition and lose like that. We just beat 'em on defense but they got what counts--the score. I thought our defense played the finest game I've ever seen any team play. They never quit and weren't impressed one bit by a big-name team. I was real proud of 'em."

"I think our kicking game hurts us the most every time we play. We hit on only one out of three field goal attempts, and if we had made those other two, we might have been on the top end of the score when the game was over. Our kicker, Steedley Candler never misses in practice and I've seen him knock 'em through from 50 yards out time and again. But something happens in there when it counts. I'm sure glad we got Arthur ^{Craig} ~~Spring~~ to back him up. We'll just have to work on it if we expect to go on and win the ACC again."

"As far as the ~~ix~~ difference between Alabama and us, I think we got just as good a team. But that pass receiver Homan is what hurt us really. Although we contained him better than I expected, he made a couple of big plays and they hurt. I thought John Fulmer did a heckuva job for us when Rayburn got hurt."

"We got more breaks than we deserved. Nobody can complain about 'Bama getting all the breaks cause they didn't. But ~~em~~ when you got those breaks, you gotta have the punch to take advantage of them and score. I was very proud of the whole team and if they play like ~~that~~ they did out there today, we're gonna win the rest of 'em."
