COACH DANNY FORD OF CLEMSON

Western Carolina played a heck of a game in the first half. Of course, we gave them a lot of opportunities, but we were tested pretty good in the first half.

But we're happy with this win. I was glad to see us bounce back in the second half. You might say we were desperate for a win. There are still a lot of things we need to correct. We can see that, the fans can see it, you can see it. I wish I could tell you right now what we need to do. But I can't fault our effort.

The defense played way too much in the first half. The offense seemed to be pressing, but they were trying to get something going. We'd look like a million dollars on a drive, then somebody wouldn't do his job and we would stop ourselves.

Our schedule gets tougher and tougher from here on out. We've gotta practice execution. I hope we got all of the bad things out of our system today. It's going to be hard to win until we get things together. It seems that making things happen is coming hard for us. This team is having more trouble being successful than the one last year.

But I'm happy for the team for a win as well as the fans. Our fans were really great today. They got behind us from the beginning and stayed behind us. That's a plus for any team.
