COACHES QUOTES

GEORGIA HEAD COACH VINCE DOOLEY

"It was a miracle-a real miracle. And the reason it was a miracle was this team had to fight back time after time against a great Clemson football team.

"They had us down and almost out, but to our credit our team never lost faith, stayed with it, kept fighting and found a way to win.

"And what else can I say about Kevin Butler. His 60-yard field goal not only won the game but it tied an SEC record. The only thing I can say is the Butler did it again.

"This was truly a great football game. I would have loved to have been in the stands where I could have seen it.

"As far as all the turnovers are concerned, I think it was a case of both teams being anxious, excited and fired up. And when that happens this early in the season, you'll have those kind of mistakes. There were enough mistakes on both teams to lose two games."

NOTE: Team dedicated the game ball to Squad Jones who celebrated his 82nd birthday today.

CLEMSON COACH DANNY FORD

We can't make that many mistakes against a team like Georgia and expect to come out all that good. Georgia played real fine...they just wore us down in the second half. Our defense stayed on the field too long in the second half.

But I can't fault our effort. I have tremendous faith in all of our players and coaches. But those turnovers happed in every game and you just hope it isn't you all of the time.

I thought there was one second left on the clock when our boy went out of bounds on the kickoff and there was also a flag thrown for a late hit. I tried to find the official (to get an interperatation) but couldn't. But that wasn't what lost the ball game for us..

We just didn't have a great day. We'll just have to forget about this one and get ready for the next one (Georgia Tech). If you dwell too long on a defeat, you'll have another one on your hands pretty soon. I told our players in the dressing room (after the game) that I didn't like losing anymore than they did. But like winning, you have to learn how to cope with losing.
