Coaches Quotes

DUKE COACH STEVE SLOAN--We just really weren't much competition for Clemson early in the game. Obviously, they really dominated play. That is the worst halftime situation that I've ever been involved with. It is difficult to figure out what to do when you are behind that much. They had five super drives to open the game. They were all in the eighty yard range. They moved the ball on our defense like no one else has. They had a good game plan. I am proud of our team coming back in the second half and making the score not as bad as it could have been. Clemson is a very dominant team and we just couldn't play with them. We had some pretty good ideas offensively and did move the ball well at times. We are looking forward to next week, because I believe we will get some of our key people back. But at this point with the people they have and the people we have they are just too good for us.

CLEMSON COACH DANNY FORD--We're happy to win, we needed to win and the guys gave a good effort and looked like they wanted to win. We played just about everybody we had. And you can tell that our young people need a lot of work. They have a long way to go.

But a lot of this credit (on the way Duke came back and scored) can go to Coach Sloan. He has done a good job and he told me before the game that seven of his starters would not be playing.

I was pleased with the way our defense looked. Course, we gave up a couple of long passes, and we need some work there. But we can be a good team if we don't turn the football over. I don't think we looked too good there at the end of the game.

We're happy that Randy Anderson (QB) got to play some. We weren't trying to run up the score--I don't think we ever had--but Anderson needed some work and we threw some quick outs, but we didn't try to throw the bomb.

Duke was really handicapped and I can certainly feel for Steve. I've been associated with some teams that have been in the same boat.
