POST GAME STATEMENT BY FRANK HOWARD OF CLEMSON

I thought we played another good ball game, but we had to with this @ Duke club. This is probably the best team we've played this year. It was certainly a game that kept everybody here. We like to have good, exciting games for our fans, but you can't do any free breathing when you only have a six-point lead.

Our second unit played another helluva of a game. The brought us through the Rice game and they played a big factor in the one today.

We put in two new plays this week and ran both of them. One worked, the other one didn't. One was that fake field goal and the other one was the one we scored on. I just had a hunch this morning that that particular play was going to pay off.

It's good to still be undefeated in the conference, but the only thing I'm pointing to right now is Maryland. We have two more rough conference games left but I'm happy we'll be in good ole "Death Valley."

After Game Notes

Coch. Bill Murray of Duke:

"I hesitate to comment because the story of the game is so obvious. It was ~~just~~ just a real tough hard-nosed football game. We did not have enough offensive power to move against their defense, ~~especially~~ particularly on the two times we had chances. We just ~~we~~ blew our chances."

"Clemson has a real fine football team."

Someone asked Murray if Clemson had as good a defense as he had faced this year. Murray said "Yes" they did.

"We just had our backs to the wall all day and had to scrap to stay out of trouble. We just let 'em get one big one off."

"Mike McCee just played the kind of game he's been playing for the last two years. He's never had a bad game so far as I've ever seen."

Asked why he didn't pass more, Murray said: "We weren't in a position to throw." But Murray revealed that "all" those late sweep plays were pass-run options.
