STATEMENT BY COACH FRANK HOWARD OF CLEMSON

"I've won a lot of games in my life and I've lost some but I've never lost one like this before."

Howard was referring to the fumble play in which Costen picked up and ran across with what proved to be the winning touchdown.

Tackle Dave Hynes said he hit Gambrell and felt the ball scoot out of his hands but that he couldn't get to the ball before Costen.

"I think Carolina is just as big as anyone we played despite what some have said. They have a good club and they played a real fine game.

"I don't think they got any more breaks than we did. Guess it was just in the books for them to win. One thing for sure, I didn't get a taste of any fish today. "

Asked about the pass that Parker threw and was intercepted late in the game, Howard said it was a good play and if it had worked, we'd be riding high.

Coming back to never losing one like this before, Howard added that besides not being beaten on a picked up fumble, he doesn't recall being on the two-yard line at the game's end with the possibility of winning.

Asked if he would have gone for two points had Clemson scored, Howard said he probably would have but would have decided after the touchdown.
