POST GAME COACHES QUOTES -- SOUTH CAROLINA-CLEMSON, NOVEMBER 21,1964

MARVIN BASS, SOUTH CAROLINA: "The winter will be a lot shorter for us. It's great to
wind up with three wins in a row. This renews the faith I have in this group of boys.
They have always been a good bunch of football players. Our schedule was against us
early in the season when we played some exceptionally strong and nationally ranked
teams. However, we aren't in a position to dictate who we will play and we had to take
them as they came. This experience helped us today and I feel the defense won the game
for us, because if we hadn't stopped Clemson down on our goal line before we started our
touchdown drive, one touchdown wouldn't have done us any good. We stopped them twice
inside the one yard line and that's great defense. Pete DiVenere played his greatest
game. I don't know how many tackles he made but he was all over the field. His parents
were down from Connecticut and I'm glad Pete wound up his career in such great fashion.

I thought our entire team did a fine job. Clemson moved the ball well on the ground
with Crain and Davis giving us lots of trouble, but when they got close we stopped
them.

We had poor field position most of the first half and couldn't throw but Senter and
Wilburn both told us they could get open and when Rogers had to go to the long pass
he had J. R. out there. Wilburn said "I knew we were going on in to score" when he
caught that 45 yarder.

Rogers did a great job on his touchdown run but that's the kind of quarterback he is,
a scrambler. This will mean a great deal to him next year. We're looking forward to having
him back. We didn't consider putting Reeves in on the final drive because he reinjured
his ankle on the fourth down fumble when we were stopped short and the doctors said not
to use him. Rogers made us glad we didn't with a great drive of over 90 yards. We
decided against the field goal on the play we fumbled on because we came up here to win,
not to tie. We thought about taking the win if we won the toss but the boys told us
they wanted the ball. They said they could move it and we played a hunch. It didn't
look like we made a wise decision for about 57 minutes but Rogers came through for use

STATEMENT BY COACH FRANK HOWARD OF CLEMSON

Boys, this was one we weren't supposed to lose. I don't think any group of boys wanted to win one any more than ours wanted this one.

I don't think they have as good a football team as we do, but when you miss two first downs by about this far (and he held two fingers about an inch apart), it's rough. This is really a game of inches and it was certainly proved today.

I thought Crain scored the second time he ran with the ball when we were down on the goal line, maybe he didn't. We'll have to look at the film. But whether he did, or whether he didn't, they (the officials) didn't say he scored, so there's nothing we can do about it.

On that touchdown run (of Rogers), we had him twice, but turned him loose. I think we played just about as good as we could.

(Howard's press conference was one of the shortest of the year. It was apparent that he felt his boys should have won, and had little to say).
